

THE IMPORTANCE OF A VISION

"Dream Big, Start Small, Act Now"

9th August 2017

ACT Youth Coalition, O'Connor, Canberra 6:30pm – 8:30pm

What does it mean to have a Vision for your family member with a disability?

Dreams for the future do not need to be defined by a disability – an ordinary life is accessible to all of us.

A positive, well-articulated Vision is a path to the good things in life that we all want: close family, friends, meaningful work with valued contribution, places we feel a sense of belonging.

At this workshop we will discuss:

- How to craft a Vision that is unique to your family member
- Focusing on strengths and interests
- Choosing typical pathways based on what is characteristic for same-aged peers
- How to find the supports needed to realise the Vision
- Planning for the NDIS based on your Vision
- Success stories from those who have lived their dream

Presenters: Karen Caldwell, Adrienne Gault and Jan Kruger
